1.3 Reading abbreviations

Information

When you order from the canteen sheet, there are some abbreviations (these are short forms of words or phrases) you need to know.

For example USA is an abbreviation for the United States of America.

Abbreviations are sometimes the first letter or letters of each word, for example, IC = Item Code.

Or they use letters from the start and end of a word, for example, Qty = quantity.

Circle the abbreviations in the three different sections of a canteen sheet.

1.5 Ordering items (things) on the canteen sheet

Information

You can buy lots of different things from the canteen sheet, for example, a phone card, batteries, sweets, drinks, cards, fruit, biscuits and other items. If you don't understand a word, you can look it up in your dictionary, ask your landing officer or ask your ESOL teacher.

Toiletries & Health

The items on the canteen sheet are in different sections. These are different parts that have a big word at the top that describes what you can buy.

Look at your own canteen sheet to help you with this. Can you put the letters into the right order to make the words? Now match them with the words.

Example: orgcreies = **groceries** ✎

Unit 2 – Canteen sheet: ordering items (part 1)

2.1 Improve your grammar: making questions with 'is' or 'are'

Look at these two questions:

How much **are** the cream crackers?

How much **is** the ketchup?

Information

The verb **'to be'**:

We use **'is'** with singular nouns (one item) and **'are'** with plural nouns (two or more).

'cream crackers' is plural – There **are** lots of cream crackers in a packet.

'ketchup' is singular – There **is** one bottle of ketchup.

In questions, the verb (**is** or **are**) goes before the noun – **Is** the ketchup on the table? **Are** the cream crackers broken?

Complete these questions with **'is'** or **'are'** and then answer the questions by finding the price on the canteen sheet on page 6:

- | | |
|--|---------------|
| a) How much are the digestive biscuits? | £ 0.55 |
| b) How much the Cup A Pasta? | £ |
| c) How much the honey? | £ |
| d) How much the cream crackers | £ |
| e) How much the Cup A Soup? | £ |
| f) How much the cornflakes | £ |
| g) How much the Hobnobs? | £ |
| h) How much the toothpaste? | £ |

jam	biscuits	chocolate	lemonade	shampoo	toothpaste

Now complete the sentences and check your answers.

Ahmed wants to buy a of orange squash and a of chocolate.

Maria wants to buy a of coffee, a of toothpaste and a of lemonade.

What do you want to buy? Write one or two sentences here and ask someone (a friend, a teacher) to check it.

2.3 Read about Nick and what he orders from the canteen sheet. Then answer the questions.

Glossary

a portion (n.) = amount of food for one person
 a must (n.) = something you really need or want
 a selection (n.) = a group of things to choose from
 a snack (n.) = a small amount of food you eat between meals

'My name's Nick. The food here is quite good most of the time but the portions are really small. I often get hungry. We get the breakfast pack the day before and sometimes I eat it that evening – I just can't wait until morning! So buying extra food is a must and I order snacks or biscuits from the canteen sheet every week. There's a good selection and I always buy a couple of packets of economy digestives or chocolate chip cookies. They're not too expensive and they fill you up! I like chocolate and crisps so I usually order some of those too. I occasionally buy a snack like a Cup A Pasta Chicken or Cup A Soup but I never order cakes as I don't want to put on weight. I often buy things like shower gel, toothpaste and deodorant – I like to keep clean and I like to smell nice too!

- Does Nick like the food in prison?
- Why does he get hungry?
- Why does he eat his breakfast pack the day before?
- What food does he order from the canteen sheet?
- Why does he never buy cakes?

f. What toiletries does he buy?

2.4 Improve your grammar: adverbs of frequency

a) Nick talks about **how often** he does something. Look at these words. They are called adverbs of frequency. Find the words in the story about Nick above and underline them.

usually	sometimes	never	always	often
---------	-----------	-------	--------	-------

Put the words in the correct place on the line.

Check your answers.

b) Practise your grammar: look at these sentences -

I never order cakes. I always buy shower gel.
--

Information

Verbs are doing words, for example, to eat, to buy, to wash.
Adverbs usually go in front of the verb.

3. Abdullah watches TV (sometimes)

4. My friend drinks coffee (always)

3.1 Improve your grammar: 'going to ...' (future)

Look at these sentences -

I'm going to watch TV this evening.

He's going to order some biscuits next week.

We're going to the gym this afternoon.

We use *am/is/are going to* ... to talk about future plans. When we talk about our plans, we normally use the short form:

I am going to – I'm going to We are going to – We're going to	He is going to – He's going to
---	--

Every week, Nick looks at the canteen sheet and decides what he wants to order. Next week, he decides he wants

- | | |
|-------------------------|-----------------------|
| a) a packet of crisps | b) a bar of chocolate |
| c) Cup A Soup vegetable | d) some shower gel |

For dinner, I **usually** have vegetable pie or a couple of boiled eggs with bread and butter. The vegan cottage pie is actually quite tasty and I really like apple crumble and custard but we don't get that very often.
