## Task 1. Running Dictation

### Parents' evening

Every school has a parents' evening once a year or more.

At parents' evening you can talk to your child's teacher.

At primary school you usually talk to one teacher.

At high school or secondary school you talk to lots of teachers.

The teachers will tell you how your child is doing at school.

They will tell you if there are any problems.

You can ask the teachers questions about your child.

|    | <p><b>Child's name: Billy</b></p> <p>Billy is a well behaved child. He mixes well with the other children at school and has lots of friends. Sometimes he can be a bit chatty, and he could help himself by talking less in class. He always asks sensible questions and listens when the teacher is talking, but he needs extra help with spelling. He could do some extra practice at home to help with this.</p>                                                                          |
|   | <p><b>Child's name: Tomasz</b></p> <p>Tomasz is a lazy child and is not making good progress. He needs extra support with Maths and it is crucial that he does extra practice at home. It would help if he went to bed earlier at night and spent less time playing computer games. He doesn't join in talks or ask questions, and he spends most of the time chatting with his friends.</p>                                                                                                 |
|  | <p><b>Child's name: Kinga</b></p> <p>Kinga is a good student and there are no concerns about her progress. She has excellent attendance and behaviour, and she is doing well in all her subjects. She is quite shy and it would help if she did extra activities after school where she could meet and play with other children. She does ask questions but she doesn't like to join in class talks. She has a few friends, but she doesn't mix well with all the children in the class.</p> |
